Figure D6: An Illustration of Point Merge

1. Aircraft arrive at the point merge arcs on a set route; this
   then the point merge system can accommodate

2. Aircraft fly by the arcs

3. Aircraft are turned towards the

4. Aircraft are picked up at the fixed
   from where they

5. Aircraft are spread out as they fly
   initially spread on the arc

6. Aircraft point (a): Aircraft are

7. Aircraft converge towards the

8. Aircraft to the runway

9. Aircraft is sufficiently
   until the aircraft

10. Aircraft arc the arcs

11. Aircraft arc (x)

12. Aircraft arc (y)

13. Aircraft arc (z)

14. Aircraft arc (w)
