INTRODUCTION

Kent's Rural and Community Housing Enabling service (RACE) undertook a parish wide Housing Needs Survey in Chiddingstone Parish. The survey was undertaken as part of Sevenoaks District Council's 5-year district wide programme of surveys being carried out by RACE.

Housing Needs Surveys investigate the affordable housing needs of people who live in or have close ties to a parish or rural area and provide an independent report of that need, using a transparent and robust methodology. They also investigate the needs of older households of any tenure needing to downsize or move to more suitable housing for their needs.

The Chiddingstone Housing Needs Surveys is valid for 5 years, to September 2028.

BACKGROUND INFORMATION

The 2021 '[Parish Councillors' Guide to Rural Affordable Housing](#)' states that 'Across the country there is a lack of affordable housing to rent or buy in many villages, in some there is none at all. This causes hardship for people across the generations, young people just starting out on an independent life, families trying to provide for their children and older people who have lived in the village for most of their lives but whose growing frailty means they can no longer manage in their current home.'

The Kent Rural Housing Protocol '[A Guide to Developing Affordable Homes in Rural Communities](#)' states that 'Within the County of Kent, most land (85%) is classed as "rural" and over 40% of businesses in Kent are based in rural areas. KHG recognise that provision of affordable housing is vital to ensure that rural communities continue to thrive and prosper.'

Small developments of local needs housing can provide affordable homes for local people, thereby enabling them to stay in their community, benefit from family and friends' networks and contribute to village life. This can make a real difference to the sustainability of rural communities and the vitality of village services and amenities.

The housing needs of older people in rural areas has also been a subject of concern given the growing numbers in that age group whose needs are not being met by the market. A nine-month enquiry starting in 2017 on Housing and Care for Older People concluded in their report¹ that 'policy makers must recognise the growing housing needs of older people living in the countryside. It recommends that Local Planning Authorities ensure provision of new homes for older people, noting the value of both the building of small village developments – "perhaps six bungalows on an unused scrap of land" – or larger scale retirement schemes in towns close by.'

RACE is an independent service for Kent, delivered through the [Kent Housing Group](#) and is supported by Local Authorities across Kent and Medway, including Sevenoaks District Council. RACE's Rural Housing Enablers (RHE) will undertake a housing needs survey, analyse the results and where appropriate, help identify potential suitable sites for the development of new local needs housing. In such cases, a partnership will be established between the Parish Council, the preferred housing provider, eg housing association, and the local authority. Proposals for new local needs housing will be developed and the community consulted. The independent role of the RHE helps to ensure any eventual local needs housing scheme proceeds smoothly and for the benefit of the community.

HOUSING IN THE PARISH

The Census 2021 tells us 70% of households in the parish are owner occupiers, 10% live in social housing and 20% live in private rented housing or are living rent free. The housing stock comprises 5% flats and 95% houses or bungalows.

High property prices means that some local people are unable to afford a home in the parish of Chiddingstone. At the time of writing the report the cheapest property for sale was a 2-bed cottage for £750,000; for a first-time buyer to afford this property an estimated 10% deposit of £75,000 would be required along with an income of approximately £150,000 based on mortgage of 4.5 x income. The cheapest available private rented property was a 2-bed semi-detached barn conversion for £1850 pcm; an income of approximately £74,000 would be required to afford this property (affordability is based on rent being no more than 30% gross income).

SURVEY METHODOLOGY

An A5 postcard providing information and online links for completion of the survey was posted to every household in the parish of Chiddingstone in September 2023. Only residents with a housing need were asked to respond; options were provided for those unable to use the online method. 528 surveys were distributed with 21 completed surveys returned.

SUMMARY

Of the 21 returns, a need for up to 18 affordable homes, for the following local households was identified:

- 3 x single people
- 6 x couples without children
- 9 x families with children
- 2 of the 18 households include older people
- 12 of the households live in Chiddingstone Parish and 6 live outside but indicated local connections.

In addition to the above, there was a requirement for 2 Self-Build properties.

The survey did not identify a need for alternative housing for older homeowners.

ANALYSIS AND RESULTS

21 surveys were completed. 2 surveys were disallowed for the following reasons:

1 x no local connection criteria or current residence was indicated.

1 x younger homeowners wanting open market housing only.

Identified need for Affordable Housing

Total Number of Affordable Homes Required	18
Respondent Current Location	12 x live in Parish 6 x live outside Parish
Respondent Current Housing	9 x private rent 9 x living with relatives (2 described themselves as homeless)
Household Composition	3 x single people 6 x couples 9 x families
Tenure Preference (more than one choice allowed)	13 x Affordable Rent 6 x Shared Ownership 8 x First Homes } Low-cost home ownership
Level Access Housing Required	2
Number of older people requiring affordable housing	2
Analysis shows that only three respondents indicated having a deposit towards a low-cost home ownership option. This indicates that the majority need is for rented affordable housing.	

Number of Self-Builds Required	2 (1 x respondent wanted Self-Build only and is not included above. 1 x respondent indicated Self-Build and First Homes and is included above.)
---------------------------------------	---

Identified need for alternative housing for older homeowners.

None identified.

ADDITIONAL INDICATION OF LOCAL HOUSING NEEDS

English Rural Housing Association holds registers of interest for their local needs housing schemes across Kent. Their proposed development adjacent to Chequers Barn in Chiddingstone (planning reference 22/01146) has recently gained planning consent. English Rural Housing Association holds the following information for Chiddingstone:

A total of 30 households have registered an interest in the following affordable housing tenures and bedroom sizes:

- 20 x rented, 18 x shared ownership, 14 x Discounted Local Sale (more than one option indicated)
- Size preferences are 16 x 1 bed, 8 x 2 bed, 4 x 2 or 3 bed, 1 x 3 or 4 bed, 1 x 4 bed
- 7 of these households have a confirmed local connection as they currently live in Chiddingstone. English Rural have yet to verify the local connection of the remaining 23 households.

CONCLUSION

The Chiddingstone Housing Needs Survey October 2023 demonstrates that **18 new affordable homes** are required in the Parish to meet the needs of local people. The recently permitted development at Chequers Barn is due to provide 8 new affordable homes, which upon delivery, will help to meet some of this need.

The Parish-wide housing needs survey is an important source of evidence in measuring the housing needs of local people. Complementary indicators of housing need, including data from the Sevenoaks District Housing Register, verified local registrations of interest such as those held by English Rural Housing Association and data captured through ongoing engagement within the local community, can also provide suitable robust evidence. The Housing Needs Survey together with complementary indicators, ensure local housing needs data remains valid over a five-year period. All such evidence may be used to support the delivery of new affordable homes to meet the needs of local people.

Appendix 1. Paper Version of Housing Needs Survey

CHIDDINGSTONE PARISH HOUSING NEEDS SURVEY

The Rural and Community Housing Enabling service (RACE) is working with Chiddingstone Parish Council and Sevenoaks District Council to establish whether there is a need for affordable housing and/or housing for older residents including current homeowners, in the parish of Chiddingstone.

It is widely recognised that people living on low or even average incomes in rural areas can face real difficulties trying to find a secure and affordable home within the village they live and/or work in. That's why RACE are working with Chiddingstone Parish Council to understand what the local housing need is and how local people can be supported to stay close to their support networks, work or education. We also know that some older people in rural areas, including homeowners, can struggle to find alternative housing that better suits their needs whilst enabling them to remain in their community.

This survey is designed to see if such housing is needed in the Chiddingstone parish for people with strong local connections (the local connection criteria can be seen at Q5).

Details on how to return the survey are at the end of this form.

If you or anyone in your household has a housing need, even if they've had to move away to find housing elsewhere, please complete this survey by **4th October 2023**. Households might be single people, couples or families. It is only necessary to complete this survey if you feel you are in housing need. Please complete one survey per household in housing need. The survey should take around 15 mins to complete.

The findings of this survey will be produced in a report and published on the Chiddingstone Parish Council website in November at www.chiddingstone.org. To find out more about RACE go to www.kenthousinggroup.org.uk/race If you are unable to access these websites but would like to know more, please use the contact details at the end of this form.
